1970

CONTROL OF HUMAN FERTILITY

Scientific Editor . . . . . G. I. M. SWYER

*

RECENT RESEARCH ON THE RETINA

Scientific Editor . . . . . E. S. PERKINS

*

DRUGS: DEVELOPMENT AND USE

Scientific Editor . . . . . D. R. LAURENCE

MEDICAL DEPARTMENT · THE BRITISH COUNCIL · 97 & 99 PARK STREET · LONDON · W1Y 4HQ

CONTENTS OF VOLUME TWENTY-SIX

NUMBER 1. *Control of Human Fertility*

Scientific Editor: G. I. M. SWYER

		PAGE
Introduction	*Sir Alan Parkes*	1
The hypothalamus and control of ovulation	*G. W. Harris & F. Naftolin*	3
Pheromones	*H. M. Bruce*	10
The evidence for luteolysin	*L. E. A. Rowson*	14
Induction of ovulation with gonadotrophins	*A. C. Crooke*	17
Clomiphene	*P. M. F. Bishop*	22
Effectiveness and risks of birth-control methods	*D. M. Potts & G. I. M. Swyer*	26
Evaluation of rare adverse effects of systemic contraceptives	*Richard Doll & M. P. Vessey*	33
Developments in steroidal hormonal contraception	*Arnold Klopper*	39
Postcoital contraception	*C. W. Emmens*	45
Mechanisms of action of intra-uterine contraceptive devices in women and other mammals	*P. Eckstein*	52
Recent advances in surgical methods of control of fertility and infertility	*P. C. Steptoe*	60
Termination of pregnancy	*D. M. Potts*	65
Immunology of conception and pregnancy	*R. G. Edwards*	72
Antispermatogenic agents	*Harold Jackson*	79
Sites of hormone production in the mammalian testis, and their significance in the control of male fertility	*Dennis Lacy & A. Juliet Pettitt*	87
Notes on Contributors		92
Book Reviews		95

NUMBER 2. *Recent Research on the Retina*

Scientific Editor: E. S. PERKINS

		PAGE
Introduction	*Norman Ashton*	99
Retinal angiogenesis in the human embryo	*Norman Ashton*	103
Deep-sea fish retinas	*N. A. Locket*	107
Centrifugal fibres to the avian retina	*W. M. Cowan*	112
Retinal ultrastructure and pattern recognition logic	*C. M. H. Pedler & D. A. Young*	119
Receptor potentials	*G. B. Arden*	125
Metabolic survival of the isolated retina	*Clive N. Graymore*	130
Optical properties of photoreceptors	*R. A. Weale*	134
Pathology of diabetic retinopathy	*Alec Garner*	137
Pathophysiology of retinal cotton-wool spots	*Norman Ashton*	143
Experimentally induced retinopathies in relation to the problem of diabetes	*H. Heath*	151
Laser irradiation of retinal tissue	*John Marshall & John Mellerio*	156
Fluorescein angiography in fundus diagnosis	*David W. Hill*	161
Fluorescein angiography of the fundus in diabetic retinopathy	*E. M. Kohner & C. T. Dollery*	166
Retrolental fibroplasia: management of oxygen therapy	*J. D. Baum & J. P. M. Tizard*	171
Some recent work on visual pigments	*H. J. A. Dartnall*	175
Pigments in anomalous colour vision	*W. A. H. Rushton*	179
Notes on Contributors		182
Book Reviews		184

NUMBER 3. *Drugs: Development and Use*

Scientific Editor: D. R. LAURENCE

		PAGE
Introduction	*D. R. Laurence*	185
Conquest of microbic disease by drugs	*L. P. Garrod*	187
New drugs and changing mortality from non-infectious disease in England and Wales	*D. D. Reid & J. Grimley Evans*	191
Social implications of recent advances in psychopharmacology	*Martin Roth & Kurt Schapira*	197
An industrial view of current practice in predicting drug toxicity	*T. Hanley, V. Udall & M. Weatherall*	203
The predictive value for man of toxicological tests of drugs in laboratory animals	*S. B. de C. Baker & D. G. Davey*	208
Testing drugs for teratogenicity and their effects on fertility: the present position	*J. M. Robson*	212
Possible hazards to man from the use of drugs in and on animals	*G. C. Brander*	217
Problems of food additives, with special reference to cyclamates	*R. F. Crampton*	222
Standards and specifications for drugs	*C. A. Johnson*	227
The conduct of initial drug studies in man	*C. T. Dollery & D. S. Davies*	233
Abuse of drugs by the public and by doctors	*Sir Derrick Dunlop*	236
Pattern of drug-induced disease in the community: an unsolved enigma	*O. L. Wade*	240
Deaths in asthma: a therapeutic misadventure?	*P. J. D. Heaf*	245
Role of drug-reaction monitoring in the investigation of thrombosis and "the pill"	*W. H. W. Inman*	248
The role of the Committee on Safety of Drugs	*D. Mansel-Jones*	257
Notes on Contributors		260
Book Reviews		263

INDEX TO VOLUME TWENTY-SIX

Names printed in capitals are those of authors who have contributed papers. Titles of books are printed in italics.

A

Abortion, criminal, 67
—— side-effects, 68
—— therapeutic, 61
—— —— medical methods, 65
Actinomycosis, penicillin treatment, 189
Advisory Committee on Pesticides and other Toxic Chemicals: *Further review of certain persistent organochlorine pesticides used in Great Britain*, 263
Alkalies, abuse of, 237
Amines, sympathomimetic, bronchodilator effects, 247
Amphetamines, barbiturates, LSD and cannabis: their use and misuse, 263
Analgesics, abuse of, 237
Androgens, effect on spermatogenesis, 89
Angiography, fluorescein, in fundus diagnosis, 161
—— —— fundus, in diabetic retinopathy, 166
Anthelmintics, use in animals, hazards to man, 218
Anthrax, penicillin treatment, 189
Antibiotics, infections consequent on use, 189
—— use in animals, hazards to man, 217
Antiprogestogens, 50
Antispermatogenic agents, 79
ARDEN, G. B.: Receptor potentials, 125
Arsanilic acid, use in animals, hazards to man, 220
ASHTON, N.: Pathophysiology of retinal cotton-wool spots, 143
—— Recent research on the retina. Introduction to symposium, 99
—— Retinal angiogenesis in the human embryo, 103
Ashworth, B., *see* Rosen, E. S., 184
Aspermatogenesis, autoimmune, 73
Aspirin, abuse of, 237
Asthma, treatment, dangers of, 245
Avian retina, centrifugal fibres, 112

B

BAKER, S. B. de C. & DAVEY, D. G.: The predictive value for man of toxicological tests of drugs in laboratory animals, 208
Barbiturates: *Amphetamines, barbiturates, LSD and cannabis: their use and misuse*, 263
BAUM, J. D. & TIZARD, J. P. M.: Retrolental fibroplasia: management of oxygen therapy, 171
Bell, E. T., *see* Loraine, J. A., 95
Bibenzyl derivatives, antifertility activity, 48
Biographical notes on contributors, 92, 182, 260
Birefringence, 135
Birth control, *see* Contraception; Contraceptives
BISHOP, P. M. F.: Clomiphene, 22
Blood-pressure changes due to oral contraceptives, 36
BRANDER, G. C.: Possible hazards to man from the use of drugs in and on animals, 217
Brominated vegetable oils as food additives, problems of use, 225
Bronchodilators, efficacy, 247
BRUCE, H. M.: Pheromones, 10

C

Caird, F. I., Pirie, A. & Ramsell, T. G.: *Diabetes and the eye*, 184
Campbell, P. N. (editor): *Symposium on the interaction of drugs and subcellular components in animal cells*, 265
Cannabis: *Amphetamines, barbiturates, LSD and cannabis: their use and misuse*, 263
—— teratogenic effects, 214
Carcinogenesis due to drugs, 209
Catecholamines, pituitary, 4
Cerebrovascular ischaemic disorders due to contraceptives, 36
Chemotherapy in microbial infection, 187
Clomiphene, 22
—— action on hypothalamus, 23
—— antifertility activity, 47
—— side-effects, 24
Coccidiostats, use in animals, hazards to man, 218
Colour vision, anomalous, pigments in, 179
Committee on Safety of Drugs, role of, 257
Committee on Safety of Medicines, 259

INDEX TO VOLUME TWENTY-SIX

Conception, immunology, 72
Contraception: *Developments in fertility control: report of a WHO Scientific Group*, 97
—— *Fertility and contraception in the human female*, 95
—— male, chemical agents, 79
—— postcoital, 43, 45
—— rhythm method, risks, 28
—— risks, compared with pregnancy risks, 29
—— *Textbook of contraceptive practice*, 96
Contraceptives, effectiveness, 26, 28
—— intra-uterine devices, mechanism of action, 52
—— —— —— risks, 27
—— oral, adverse effects, 33, 42
—— —— deaths due to, estimation, 252
—— —— development, 39
—— —— endocrine effects, 41
—— —— modes of action, 40
—— —— risks, 26
—— —— structure, 39
—— —— thrombosis due to, 34, 42, 248, 249
—— —— toxic effects, 33, 42
—— postcoital, 43, 45
—— risks, 26
—— steroidal, endocrine effects, 41
—— —— modes of action, 40
—— —— structure, 39
Contributors, biographical notes on, 92, 182, 260
Copper, use in animals, hazards to man, 221
Corticosteroids, infections consequent on use, 190
COWAN, W. M.: Centrifugal fibres to the avian retina, 112
CRAMPTON, R. F.: Problems of food additives, with special reference to cyclamates, 222
CROOKE, A. C.: Induction of ovulation with gonadotrophins, 17
Crossland, J.: *Lewis's pharmacology*, 4th ed., 264
Culdoscopy, 63
Cyclamates as food additives, hazards, 225
Cytoid bodies, 143

D

DARTNALL, H. J. A.: Some recent work on visual pigments, 175
DAVEY, D. G., *see* BAKER, S. B. de C., 208
DAVIES, D. S., *see* DOLLERY, C. T., 233
Deafness due to streptomycin, 210
Defoliants, chemical, teratogenic effects, 215
Depression, drug treatment, 198
Diabetes mellitus: *Diabetes and the eye*, 184
—— —— retinopathy, experimental, 151
—— —— retinopathy in, 137
—— —— —— fluorescein angiography in, 166
2,4-Dichlorophenoxyacetic acid, teratogenic effects, 215
Dichroism, 134
Dihydronaphthalenes, antifertility activity, 49
Dimethylstilboestrol, antifertility activity, 46
Diphenylindenes, antifertility activity, 49
DOLL, R. & VESSEY, M. P.: Evaluation of rare adverse effects of systemic contraceptives, 33
DOLLERY, C. T. & DAVIES, D. S.: The conduct of initial drug studies in man, 233
—— *see* KOHNER, E. M., 166
Donovan, B. T., *see* Ferriman, D., 95
Drugs, abuse by doctors, 238
—— abuse by public, 236
—— adverse reactions, monitoring, 242, 248
—— —— —— national registries of, 240
—— carcinogenic, 209
—— clinical trials, scrutiny before, 257
—— —— —— *The principles and practice of clinical trials*, 265
—— Committee on Safety of, role of, 257
—— dependence: *Scientific basis of drug dependence: a symposium*, 265
—— development and use; introduction to symposium, 185
—— effects on fertility, tests for, 212
—— hepatic effects, 209
—— idiosyncratic reactions, 210
—— interaction, 210
—— —— *Symposium on the interaction of drugs and subcellular components in animal cells*, 265
—— pharmacodynamic measurement, 234
—— prescription, excessive, 238
—— reactions from pharmacogenetic differences within species, 210
—— scrutiny before marketing, 258
—— sensory effects, 210
—— —— —— *Symposium on drugs and sensory function*, 265
—— standards and specifications, 227
—— studies in man, conduct of, 233
—— surveillance after marketing, 258
—— teratogenicity, 210
—— —— tests for, 212
—— toxicity, prediction, 203
—— —— —— for man of tests on laboratory animals, 208
—— —— testing, principles, 208
—— trials, conduct of, 233
—— use in animals, hazards to man, 217
